

## 2021 Arctic Physical Therapy Scholarship Winner

Deven Barnett is from Fairbanks, Alaska and graduated from West Valley High School. She is attending UAF and is considering Physical Therapy, Psychology and Naturopathic Medicine graduate programs.

### **Message from Recipient:**

*"What a great experience to find this scholarship opportunity. University courses are a significant investment when paying out of pocket, and this reward will cover about half of the cost of the second semester of Anatomy and Physiology - what a relief. I feel supported in taking these steps, taking these courses, towards applying to graduate programs. What a pleasure and a joy it is to take courses, too, I really enjoy it. Thank you very, very much."*
